Profile

A passionate web developer with a strong foundation in computer applications, I thrive on creating engaging and user-friendly websites. My academic journey has equipped me with the necessary skills in various programming languages and web technologies, making me adept at transforming innovative ideas into functional web solutions.

Dedicated to continuous learning and professional growth, I aim to stay updated with the latest industry trends and technological advancements. My collaborative mindset and problem-solving abilities empower me to contribute effectively to diverse development teams, ensuring that project goals are met with excellence and efficiency.

Education

Bachelor of Computer Applications   **Jul 2023 - Present**
St.Thomas College of Arts & Science, Chennai
- Gained a thorough understanding of web technologies including HTML, CSS, and JavaScript to create responsive user interfaces.
- Learned software engineering principles and practices, equipping with skills in application design and development methodologies.
- Engaged in project management and teamwork skills through collaborative projects, enhancing the ability to work effectively in web development teams.
- Explored web development tools such as Git for version control and collaboration on software projects.
